

ALL-HAZARDS EXERCISE SUPPORT

UNWAVERING FOCUS

ASG partners with our clients to successfully develop exercise concepts and objectives that will validate capabilities based on plans, incident management system, equipment, training and personnel. Our systematic approach, based on the U.S. Homeland Security Exercise and Evaluation Program, ensures stakeholder engagement throughout the exercise development process. Our team has successfully crafted over 100 realistic exercise scenarios based on historical data, incidents and relevant risks to each community for natural disasters, technological accidents and man-made events. ASG subject matter experts participate in the exercise development, conduct and evaluation to enhance realism and objective technical task evaluation.

UNPRECEDENTED EXPERIENCE

ASG has designed, developed, conducted and evaluated over 2,000 exercises in more than a dozen countries. This experience has enabled ASG to capture thousands of lessons learned and best practices that add value to our client's exercise program. Our team of exercise developers includes subject matter experts from the following disciplines.
