SCAN ME

WHY CHOOSE ASG?

ASG has a proven track record of delivering value added services and boasts a 98% customer return rate. We implement the proven Capacity Building Model into all projects:

OBJECTIVE DRIVEN

Only well-designed exercises affectively evaluate capabilities

- Systematic and Proven Design Methods
- Client Driven Objectives and Evaluation
- Core Capability Focused
- Integrated Logistics and Administration

INTEGRATION & INTEROPERABILITY

Root cause of many communications issues is lack of integration and interoperability

- Developers Meticulously Review Plans, Procedures, Inventories and Resources
- Uncover Potential Issues During Planning
- MSEL Tool Facilitates Complex Integration
- Multi-disciplined Planning

REALISTIC SCENARIOS

Risk-based, realistic exercises developed by subject matter experts

- Modeling Enhances Realistic Effects
- Meta-data Analysis Ensures Accurate Effects
- Emulators Ensure Proficiency
- Seamless Engagement With Subject-Matter Expert (SME) Controllers

IMPROVEMENT ORIENTED

Communities can only improve what gets measured accurately

- SMART Criteria
- SME Validation of Performance
- Multiple Evaluator Perspectives
- Structured Capability and Root Cause Analysis Leads To Valid Corrective Actions

ASG team members average 20+ years of experience in multiple disciplines:
